Final Project Update 2

> **Instructions**
>
> - Submit your proposal through GradeScope in the assignment "Project Update 2."
>
> - Grading for this update will be generous, but I will provide comments and note if I am concerned about you staying on track for the final submission.
>
> - More thorough updates → more thorough feedback → a better final product!

Your Name:

Project Title:

Team Members:

Summary of Group Work Completed

What has your group done so far? Please make it clear what code has been implemented and what results have been so far generated. Write at least 1 paragraph. Groups can have identical responses for this question.

Summary of Individual Work Completed

Identify your contributions to the work discussed above.

Group Target for Final Submission

What are you hoping to achieve as a group by the final project submission? Write at least 3 sentences. Groups can have identical responses for this question.

Individual Targets for Final Submission

Identify your contributions to the work planned above.
